### **Nano wear-resisting UV hard coat paint for 3C industry**

This product is a composite powder composed of ZrO<sub>2</sub>, ZnO, and SiO<sub>2</sub>, which has the character of good dispersion. Through its well mixed with high molecular resin, this product can have good wear-resisting property up to 5H with less solid used, which makes this product be low price and have a good wear-resisting property.

#### **1. Nano wear-resisting composite powder**

#### **2. Wear-resisting UV hard coat paint**

### 3. 3C application

Welcome purchasing! Cooperative develop, production and marketing from manufacturers and distributors are appreciated.
